THE ORIGINAL DISCOVERER OF THE

Genuine Townsend Sarsaparilla.

which has long been known as the AUTHOR OF THE GENUINE ORIGINAL TOWNSEND SARSAPARILLA.

which was originally intended to limit its manufacture, by which means it has been kept up to the present time.

Unlike young S. Townsend's, it improves with age, and never changes but for the better; because it is the purest, and the best, and the strongest sarsaparilla.

The knowledge of Chemistry, and the latest discoveries of the art, have all been brought into the preparation of this sarsaparilla.

The root is well known to medical men, contains many medicinal properties, and is well known to all who have had much experience in preparing it for use, produce fermentation and acid, which is injurious to the eyes, nose, and throat, and which is the cause of the bad taste of sarsaparilla, unless it is perfectly ripe and in the preparation.

It is well known that the sarsaparilla is not a vegetable, but a mineral.

GENUINE OLD DR. JACOB TOWNSEND'S SARSAPARILLA.

This is so prepared that all the inert properties of the sarsaparilla root are first removed, everything capable of being removed, and then the root is dried, and the saponin, which is the active principle, is added.

Any person can boil or stew the root, till they get a dark brown color, and then add the saponin, and it will always give a strong decoction, and render it fit for use.

It is well known that the decoction is good for the eyes, nose, and throat, and for the liver, and for the heart.

**Mr. V. B. PALMER,** Tribune Buildings, New York; Third and Chestnut Streets, Philadelphia; and Scollay's Building, Boston is Sole Agent for the Sentinel in those cities, and is alone authorized to receive subscriptions, advertisements, &c., on our account.

We direct the attention of dealers in groceries, to the card in another column, of Mr. F. R. Thompson, No. 290 Main Street, Cincinnati.

**THE ELECTION** on Monday last passed off very quietly, and resulted in the **ELECTION OF THE WHOLE DEMOCRATIC TICKET**, with the exception of Dr. Sturgis, candidate for Representative Delegate. His competitor, Mr. Hamilton, is elected by a majority of 248—Mr. Hamilton, though nominally a whig, is a gentleman of very liberal views, and as he advocated all the reforms in the constitution which the democrats contend for—it is a very popular man in the county—and brought many influences to bear in his favor—it was impossible to draw the line on him. So far as voting in the convention goes, we believe he will be found on all leading questions on the democratic side. However much therefore, personally we may regret the defeat of Dr. Sturgis, we do not feel that as a party the democrats will lose much by the election of his competitor.

Judge Borden is elected Delegate from the Senatorial District by an overwhelming majority of 1146 votes. He is a decided progressive, advocating a thorough and radical reform in the constitution, embracing a complete simplification and renovation of the laws and practice in our courts. The heavy vote he received is a proof at once of his popularity, and that his liberal views on constitutional reform are fully reciprocated by the great mass of the citizens of the district. Judge B. is an able and talented man, well posted up on all questions relative to constitutional matters, and will we are confident occupy a prominent place in the convention.

The vote in the county was larger by 300 than any previously given, amounting to 2324. The tickets were very much split up, so that it is not easy to decide from them what the democratic majority in the county really is—The vote for Senator and Associate Judge is as near a political test as any, as there was but little effort made to secure votes for either, and it is probable that the candidates for these offices received nearly a party vote. The democratic majority for Senator was 226, and for Judge 24.

We have not yet received sufficient returns to enable us to judge with certainty what the complexion of the Legislature and Convention will be. Our impression is, that both will be strongly democratic. In this part of the state we have lost some members through dissensions in our ranks or mismanagement, but generally, we think the returns show a decided gain.

**WELLS COUNTY**—This sterility democratic ticket has elected the entire democratic ticket. Jas. Dailey, Auditor; W. D. Deam, Treasurer; W. Hale, Clerk; W. M. Bulger, Recorder; J. A. Dean, Co. Commissioner; W. Prilliman and S. Goode, Associate Judges; and S. G. Upton, Pro. Attorney.

**ADAMS COUNTY**, too, has elected the entire ticket by handsome majorities.

The vote for the permanent location of the County Seat resulted in the reelection of Deatur, by a majority of 100 over all others—Deatur 476, Monroe 349, Scattering 24.

E. K. Bascom's majority for Representative Delegate was 155 in Adams and 293 in Wells—total 478. W. M. Elkins' majority for Representative was 141 in Adams, and 155 in Wells—total 296.

In **NONKE COUNTY**, David B. Herriman is beat for Representative Delegate by T. P. Bicknell, whig 77 votes, while R. Work, democrat, has a majority of 131 for Senatorial Delegate in the same county. The whigs reelected J. McMeans, Treasurer, and D. Simons, Associate Judge. The balance of the democratic ticket is elected.

**ELKHART COUNTY**—Old Elkhart—the Gibraltar of Democracy, as we formerly looked upon it—has gone to the dogs. For some reason or other, as yet unexplained to us, the whole democratic ticket, including Hon. E. M. Chamberlain for Delegate, has been defeated and a mongrel independent ticket elected.

In **HUNTINGTON COUNTY** the democrats are routed, horse, foot and dragoons, and the entire whig ticket elected.

When such men as Chamberlain and Herriman are defeated in such counties as Elkhart and Noble, there must be something wrong in the party management. We hope the democracy of Allen will take warning, and profit by the example here furnished of the evil effects of disorganization, insubordination and unfaithfulness to democratic usages. Shun every man as an enemy and traitor to the cause who either directly or indirectly endeavors to breed dissensions or create jealousies in our ranks; and place no confidence in any one who refuses to support regular nominations. By such a course only can we maintain our supremacy, and avoid the trouble which has overtaken our friends in the North. Countenanceing the machinations of disaffected men only increases their power to do mischief.

**CHASE COUNTY** has elected the entire democratic ticket—county officers, delegates, and representatives,—by a handsome majority.

**Kosciusko County** has elected the full democratic ticket with the exception of delegate.

**Defeat of the Compromise Bill.**—The long agony is over, and the far-famed Compromise bill which was to have given peace to the Union, and immortalized the "great pacifier," has at length been disposed of. After a long and severe struggle, all the provisions of the bill, except the section establishing a territorial government in Utah, were stricken out, and in this shape it passed the Senate. Eight months have thus been wasted in the consideration of the various incongruous measures lumped together in this bill, and the business is now to comprehend this issue is yet to begin.

We trust this may be the last attempt at such log-rolling in Congress, and that hereafter every measure may be allowed to rest upon its own merits. Had this course been followed in the present instance, the whole of the measures included in this Omnibus bill could have been disposed of singly long ago, and Congress might have turned its attention to some of the other business now awaiting its action. As it is, eight months have been wasted, and the actual business is yet to begin.

**WASHINGTON, Aug. 2.**—SENATE.—Mr. Pierce said his whole object was to get rid of Mr. Davison's amendment. After a night's reflection, he had determined to attack it even at the risk of splitting the bill, though it would be a blow to his party friends. He would never shrink from his duty, nor let personal considerations interfere with the responsibility of his decision.

The Senators from Texas are equally chargeable with defaming it.

Mr. Clay repeated his change, and in proposed Mr. Pierce's course yesterday, and said he refused three propositions made for his accommodation.

Mr. Rusk said that striking out Mr. Davison's amendment, they ought to defeat the bill. Texas would sanction no adjustment which assumed the title of the United States.

The Omnibus bill was finally PASSED.

It is said that the post of the Secretary of War will be tendered to Mr. Gentry, and that of the Interior to Mr. Guyer of Missouri.

SENATE.—Mr. Houston is now speaking.

HOUSE.—Clingland called for yeas and nays upon the pending motion which was for the suspension of the rules, to introduce the California Bill. The rule was suspended by 111 to 68.

Mr. Bailey moved to amend by striking out to-day and substituting Monday; rejected 14 to 30.

**WASHINGTON, Aug. 2.**—It is said that the post of the Secretary of War will be tendered to Mr. Gentry, and that of the Interior to Mr. Guyer of Missouri.

SENATE.—Mr. Houston is now speaking.

HOUSE.—Clingland called for yeas and nays upon the pending motion which was for the suspension of the rules, to introduce the California Bill. The rule was suspended by 111 to 68.

Mr. Bailey moved that the House go into Committee of the whole.

Mr. Preston King called for the yeas and nays, which were ordered.

**WASHINGTON, Aug. 6.**—The President's message to Congress was read. It alludes to Gov. Bell's letter to the Texas representatives. The President says, that a portion of the territory east of the Rio Grande as belonging to New Mexico and thinks that the exigency may require an extra session of Congress. He alludes to his official position and the laws of the United States, and says he will enforce them. He thinks that this is a case where he is authorized to call on the sole force of the military, and he considers that it would be his duty, also to employ the regular army and militia. He says that Texas, as a state, are suppressed her insurrections by her local powers, but she has no authority to conflict with the laws of rights of the United States. In this case Texas is an intruder and will be treated as such. In a message to the Governor of Texas, thinks that the grounds east of the Rio Grande, and that for that reason he must protect it from Texas or other States intrusion.

**Distressing Casualty.**—On last Monday week Mr. Ruble, his wife and two children, residing in Wabash township, in this county, were on their way home from camp meeting they met with an accident by which Mr. Ruble was killed, by the falling of a tree, and his wife and children seriously injured.

It appears that Mr. Ruble had one child, a little girl, on the horse riding him, and that Mrs. Ruble was carrying the other on the horse that was riding. Mrs. R. is recovering the children, we believe, were not seriously hurt.

**ANOTHER.**—We learn from the mail carrier on the northern end of the Fort Wayne and Winchester route, that the carrier on the southern end of the route was killed, together with his horse, on Monday last by the falling of a tree.—Decatur Gazette.

The deceased was son of Mr. Conner, the mail contractor on that route.

**New Arrangement.**—It will be seen upon reference to our advertising column, that Doyle's line of Packets, on and after Monday next, will leave this place every afternoon, at 2 o'clock for the several towns on the Wabash and Miami Canals. The Wabash Packet, will not, as heretofore, be detained at the Junction. This arrangement will enable the Packets to perform the trip from Toledo to Lafayette in two days, and in every respect will meet the convenience of the travelling public.—Toledo Blade.

### CONGRESSIONAL.

#### The Omnibus Bill decided upon.

WASHINGTON, July 31.

SENATE.—The compromise bill was taken up at 12 o'clock. Mr. Pearce moved to amend the bill by striking out all that part in relation to New Mexico.

Mr. Clay appealed to Mr. Pearce to withdraw his amendment.

An amendment was offered providing that the territorial government of New Mexico shall not go into operation till March, 1851.

Two important votes were taken in the Senate on the compromise bill yesterday. Mr. Underwood referred to the Texas boundary to commissioners was passed—yeas 29 nays 23. Mr. Wadsworth voted affirmatively and Mr. Winthrop against it. A motion to lay it on the table was then made and lost—yeas 23 nays 32.

**WASHINGTON, August 1.**

Mr. Bates declines a Cabinet appointment, preferring the chances of coming to the Senate from Missouri. This leaves two vacancies, and Gov. Jones of Tennessee, Conrad of Louisiana and others, are mentioned to fill them.

It is supposed the California Bill will pass the Senate without much difficulty; but as the cholera is approaching by way of Harper's Ferry, it may hurry an adjournment.

The question is full of distrust and danger. Notwithstanding the belief that the separate bill will be passed, the debate to-day was strong on the prospect of civil war. Much complaint is made against Mr. Pearce for defeating the Compromise Bill. He was warned that his proposition, if carried, would defeat it; but he persisted, and death to the compromise is the consequence. Feelings of exasperation are now engendered, which will torment, and cannot be allayed.

The California Bill may pass the Senate, but it cannot go through the House this session.

It is said that Mr. Pearce's motion, which defeated the bill, resulted from a visit to President Fillmore yesterday morning. He is approved of the Texas arrangement.

Mr. Clay will leave here on Saturday.—Southern members are determined to resist the admission of California, and will stick to the last against it.

**LATER ARRIVAL FROM OREGON.**—The following particulars are gathered from the Oregon Spectator, of the 25th of May.

Col. King introduced a joint resolution to inquire into the propriety of calling a Convention for the purpose of framing a State constitution preparatory to admitting this Territory as a State into the Union.

This important and popular measure was shovelled off the track by the adoption of the following resolution:

Resolved, the Council concurring therein, That the Delegate in Congress be requested to use his influence to have the organic law of this Territory so amended that the Secretary

of War may be called to the aid of the Legislature of Oregon.

SATURDAY, AUGUST 10, 1850.

**MR. V. B. PALMER.** Tribune Buildings, New York; Third and Chestnut Streets, Philadelphia; and Scollay's Building, Boston is Sole Agent for the Sentinel in those cities, and is alone authorized to receive subscriptions, advertisements, &c., on our account.

We direct the attention of dealers in groceries, to the card in another column, of Mr. F. R. Thompson, No. 290 Main Street, Cincinnati.

The ELECTION on Monday last passed off very quietly, and resulted in the ELECTION OF THE WHOLE DEMOCRATIC TICKET, with the exception of Dr. Sturgis, candidate for Representative Delegate. His competitor, Mr. Hamilton, is elected by a majority of 248—Mr. Hamilton, though nominally a whig, is a gentleman of very liberal views, and as he advocated all the reforms in the constitution which the democrats contend for—it is a very popular man in the county—and brought many influences to bear in his favor—it was impossible to draw the line on him. So far as voting in the convention goes, we believe he will be found on all leading questions on the democratic side. However much, therefore, personally we may regret the defeat of Dr. Sturgis, we do not feel that as a party the democrats will lose much by the election of his competitor.

Judge Borden is elected Delegate from the Senatorial District by an overwhelming majority of 1146 votes. He is a decided progressive, advocating a thorough and radical reform in the constitution, embracing a complete simplification and renovation of the laws and practice in our courts. The heavy vote he received is a proof at once of his popularity, and that his liberal views on constitutional reform are fully reciprocated by the great mass of the citizens of the district. Judge B. is an able and talented man, well posted up on all questions relative to constitutional matters, and will we are confident occupy a prominent place in the convention.

The vote in the county was larger by 300 than any previously given, amounting to 2343. The tickets were very much split up, so that it is not easy to decide from them what the democratic majority in the county really is. The vote for Senator and Associate Judge is as near a political test as any, as there was but little effort made to secure votes for either, and it is probable that the candidates for these offices received nearly a party vote. The democratic majority for Senator was 226, and for Judge 234.

##### The Omnibus Bill decided upon.

WASHINGTON, July 31.

**SENATE.**—The compromise bill was taken up at 12 o'clock. Mr. Pearce moved to amend the bill by striking out all that part in relation to New Mexico.

Mr. Clay appealed to Mr. Pearce to withdraw his amendment.

An amendment was offered, providing that the territorial government of New Mexico shall not go into operation till March, 1851.

Two important votes were taken in the Senate on the compromise bill yesterday—Mr. Brodhead, referring the Texas boundary to commissioners, was passed—yeas 29; nays 23.

Mr. Shultz voted affirmatively and Mr. Winthrop against it. A motion to lay it on the table was then made and lost—yeas 23; nays 22.

WASHINGTON, August 1.

The following are the votes on important points in the omnibus bill in the Senate yesterday.

Mr. Yulee moved to amend Mr. Pearce's amendment by striking out all that related to Texas, which was agreed to, 29 to 28, as follows:

Yeas—Messrs. Barnwell, Benton, Butler, Chase, Clark, Davis of Miss., Dayton, Dodge, H. B. Hale, Clerk; W. M. Bulger, Recorder; J. A. Dean, Co. Commissioner; W. Prillaman and S. Goods, Associate Judges; and G. Upton, Pro. Attorney.

Adam Country, ton, has elected the entire ticket by handsome majorities.

The vote for the permanent location of the County Seat resulted in the reelection of Decker, by a majority of 106 over all others—Decatur 147, Monroe 349, Scattering 24.

E. K. Basson's majority for Representative Delegate was 185 in Adams and 293 in Wells—total 478. B. M. Elkins' majority for Representatives was 141 in Adams, and 165 in Wells—total 296.

In Noble County, David B. Herriman is beat for Representative Delegate by T. P. Biennial, whig 77 votes while R. Work, democrat, has a majority of 121 for Senatorial Delegate in the same county. The whigs have reflected J. McMeans, Treasurer, and D. Simons, Associate Judge. The balance of the democratic ticket is elected.

In Elkhart County—Old Elkhart—the Gibraltar of Democracy, as we formerly looked upon it—has gone to the dogs. For some reason or other, as yet unexplained to us, the whole democratic ticket, including Hon. D. Chamberlain for Delegate, has been defeated and a mongrel independent ticket elected.

In Huntington County the democrats are near a political test as any, as there was but little effort made to secure votes for either, and it is probable that the candidates for these offices received nearly a party vote. The democratic majority for Senator was 226, and for Judge 234.

Two hundred and seventy Cadets from eighteen different States, have entered this Institution since it was organized, in 1847. It is entirely free from the control or domination of any sect or party, either political or religious. Economy in dress, by the adoption of a cheap Uniform, for Winter and Summer, is rigidly enforced. Every student is required to select a College Guardian, with whom all funds brought or received shall be deposited, and no debt must be contracted without the consent of such guardian.

CIVIL ENGINEERING.

Will be thoroughly and practically taught in the Western Military Institute—by the Professor, Col. Morgan, being one of the most skillful and experienced Engineers in the United States. He has for a long time the Principal Assistant Engineer of Pennsylvania, also receiving the highest honors of the U. S. Military Academy at West Point.

The above institution is the largest and best educated ever brought to market, and are offered at wholesale or retail on the most reasonable terms.

Hardware, a large addition has been made to our stock, and cannot fail to give satisfaction in quality and price.

TINWARE—A heavy stock on hand, and ready for orders. Joining in Sheet Iron, Copper, or Tin Plate, done to order and with promptness and dispatch.

Old Copper, Glassware, Beeswax, Rags, &c., taken in exchange for goods.

N. B.—Country merchants who want to import to St. Louis, for their trade can be supplied on terms as low as they can be had in the Eastern markets. The trade supplied with Copper, Tin Plate, Sheet Iron, Wires, &c., &c.
